Vorwort

Die Messewelt hat sich in den letzten fünf Jahren erheblich verändert. Die Pandemie, der Überfall Russlands auf die Ukraine, die wirtschaftspolitische Neuorientierung der Bundesregierung im Hinblick auf den Handel mit China sowie eine zwischenzeitliche Kürzung des Etats für das Auslandsmesseprogramm des Wirtschaftsministeriums haben zum Teil deutliche Spuren in der Messewelt und im Auslandsmesseprogramm hinterlassen.

Auch unsere Branche hat sich weiterentwickelt und es sind neue Messeformate rund um die Themen digitale und energetische Transformation entstanden. Andere Messen haben neue Themen aufgegriffen oder sind aufgrund von Marktveränderungen für den Maschinenbau nicht mehr relevant.

Mit diesem Messekalender bieten wir Ihnen eine Orientierungshilfe zum weltweiten Angebot an maschinenbaurelevanten Messen im Jahr 2025. Durch die Zusammenarbeit mit dem Ausstellungs- und Messe-Ausschuss der Deutschen Wirtschaft e.V. (AUMA) können wir auf eine umfangreiche Datenbasis zugreifen und Ihnen die bis August 2024 angemeldeten Termine nennen.

Auf den folgenden Seiten finden Sie neben dem vorläufigen Auslandsmesseprogramm der Bundesrepublik Deutschland weitere für den Maschinenbau relevante Messen und Veranstaltungen.

Preface

The world of trade fairs has changed considerably in the last five years. The pandemic, Russia's invasion of Ukraine, the German government's economic policy reorientation regarding trade with China and a temporary reduction in the budget for the Ministry of Economic Affairs and Climate Action foreign trade fair programme have left their mark in the world of trade fairs and the foreign trade fair programme.

Our industry has also evolved, and new trade fair formats have emerged around the topics of digital and energy transformation. Other trade fairs have taken up new topics or are no longer relevant for machinery and equipment manufacturers due to market changes.

With this trade fair calendar, we offer you a guide to trade fairs worldwide that are relevant to the machinery and equipment industry in 2025. Thanks to our cooperation with the Association of the German Trade Fair Industry (AUMA), we have access to a comprehensive database and can provide you with the dates for events registered through August 2024.

In addition to the provisional foreign trade fair programme of the Federal Republic of Germany, you will find trade fairs and events relevant to the machinery and equipment industry in the following pages. The geographically organised overviews are intended to make

Die geographisch gegliederten Übersichten sollen Ihnen die Nutzung erleichtern. Im Anschluss daran finden Sie die Kontaktadressen für die Auslandsmesse-Beteiligungen der Bundesländer.

Bisher wurden auf Vorschlag des VDMA 61 Messen in das Auslandsmesseprogramm aufgenommen. Wir gehen davon aus, dass noch einige Messen hinzukommen werden, denn Bundesminister Robert Habeck hat sich anlässlich des 75-jährigen Jubiläums sehr positiv über das Programm geäußert. Über die aktuelle Entwicklung des Bundesetats für Auslandsmessungen sowie über andere wichtige Messethemen werden wir Sie auf unserer Homepage (<https://vdma.org/messe>) sowie über die Newsletter der Fachverbände auf dem Laufenden halten.

Bei Fragen zu maschinenbaurelevanten Messen weltweit stehen Ihnen das Referat und Ihr Fachverband gerne zur Verfügung.

Mit freundlichen Grüßen

Thilo Brodtmann
Hauptgeschäftsführer
Chief Executive

it easier for you to use them. Following this you will find the contact addresses for the foreign trade fair liaisons of the German federal states.

So far, 61 trade fairs have been included in the foreign trade fair programme on initiative of VDMA. We presume that a few more trade fairs will be added, as Federal Minister Robert Habeck spoke very positively about the programme on the occasion of its 75th anniversary. We will keep you up to date on the current development of the federal budget for trade fairs abroad and other important trade fair topics on our homepage (<https://vdma.org/messe>) and via the newsletters of the VDMA sector associations.

The department and your sector association will be happy to answer any questions you may have about trade fairs relevant to the machinery and equipment industry worldwide.

Sincerely,

Dr. Alexander Koldau
Leiter des Referates Messen und Symposien
Head of the Trade Fairs and Symposia Department

Wissenswertes zur Nutzung des Messekalenders

Dieser Messekalender soll interessierten Mitgliedsunternehmen eine Planungs- und Entscheidungshilfe über das weltweite Messeangebot bieten. Die Angaben des Messekalenders stellen keine Empfehlung zur Teilnahme oder zum Besuch einer Veranstaltung dar. Ebenso wenig kann ein Anspruch auf Vollständigkeit oder eine Gewähr für die Angaben übernommen werden.

Die Auswahl der geeigneten Veranstaltung bedarf einer sorgfältigen Prüfung. Das Referat Messen und Symposien sowie die Fachverbände des VDMA bieten interessierten Mitgliedsfirmen hierbei Hilfe und Unterstützung an. Der vorliegende Messekalender wurde in Abstimmung mit den im Auslandsmesse-Geschäft besonders aktiven Fachverbänden erstellt.

Der Messekalender enthält maschinenbaurelevante Messen und Technologie-Symposien, die

- zu den Schwerpunktveranstaltungen der einzelnen Maschinenbau-Branchen weltweit zählen,
- etablierte Veranstaltungen des jeweiligen Marktes sind,
- (überwiegend) auf Antrag des VDMA eine Beteiligung des Bundes aufweisen

sowie Messen,

zu denen weitere Informationen vorliegen und die nach Ansicht des VDMA auf eine entsprechende Mindestgröße und Internationalität der Veranstaltung schließen lassen.

Useful tips on using the trade fair calendar

This trade fair calendar is intended to help interested member companies with planning and decision-making in relation to the range of trade fairs held worldwide. The information in the trade fair calendar should not be seen as a recommendation to take part in or attend an event – nor does it make any claim to completeness. No liability is accepted for the information provided.

Choosing a suitable event takes careful consideration. The Office for Trade Fairs and Symposia and the trade associations at VDMA provide help and support to interested member companies. This trade fair calendar has been compiled in consultation with the trade associations that are particularly active in the business of trade fairs abroad.

The trade fair calendar contains mechanical engineering-related trade fairs and technology symposia

- that are among the focus events of the individual segments of mechanical engineering worldwide,
- that are established events in the respective market,
- in which the Federal Government is involved (largely) on behalf of VDMA, and

as well as trade fairs,

about which there is detailed information that, in the view of VDMA, indicates that the event has a sufficient minimum size and level of internationality.

Entsprechend der internationalen Ausrichtung des Messegeschäfts, haben wir diese Ausgabe des Messekalenders zweisprachig deutsch/englisch realisiert. An einigen Stellen waren Kompromisse notwendig und wir hoffen, dass trotzdem alle Informationen ausreichend transparent sind.

Einige VDMA-Fachverbände verfügen über eigene Messekalender bzw. Messelisten, die sie den Mitgliedern ihres Fachbereiches anbieten. Dazu gehören u. a. die Fachverbände:

- Baumaschinen und Baustoffanlagen
- Forum Prozesstechnik
- Holzbearbeitungsmaschinen
- Kunststoff- und Gummimaschinen
- Marine Equipment and Systems
- Metallurgie
- Mining & Minerals
- Organic and Printed Electronics Association
- Textile Care, Fabric and Leather Technologies
- Textilmaschinen
- Verfahrenstechnische Maschinen und Apparate
- Werkzeugmaschinen und Fertigungssysteme

In line with the international orientation of the trade fair business, we have realized this edition of the trade fair calendar in two languages German/English. Compromises were necessary in some places and we hope that nevertheless all information is sufficiently transparent.

Some VDMA trade associations have their own trade fair calendars or lists, which they offer to their members. These trade associations include the following:

- *Construction-Equipment and Plant Engineering*
- *Process Technology Forum*
- *Woodworking Machinery*
- *Plastics and Rubber Machinery*
- *Marine Equipment and Systems*
- *Metallurgy*
- *Mining & Minerals*
- *Organic and Printed Electronics Association*
- *Textile Care, Fabric and Leather Technologies*
- *Textile Machinery*
- *Process Plant and Equipment*
- *Machine Tools and Manufacturing Systems*

Auslandsmesse- Beteiligungen der Bundesländer 2025

Ergänzend zu den Auslandsmesse-Beteiligungen des Bundes bieten auch die Bundesländer exportinteressierten Firmen Unterstützung an. Der VDMA ist in die Auswahl dieser Fördermaßnahmen über seine Landesverbände weitestgehend eingebunden. Voraussetzung für die Förderung ist, dass das Unternehmen seinen Sitz im jeweiligen Bundesland hat. Zunehmend werden Kooperationen zwischen mehreren Bundesländern praktiziert. Für weitere Informationen wenden Sie sich bitte an Ihren zuständigen VDMA-Landesverband oder an die unten aufgeführten Kontaktadressen der einzelnen Bundesländer:

Foreign trade fair participations by German states in 2025

In addition to the Federal Government's involvement in trade fairs abroad, individual states also offer support for companies interested in exporting. VDMA is extensively involved in the selection of these funding measures through its state associations. To be eligible for funding, the company must be based in the federal state in question. Collaborations between multiple states are increasingly common. For further information, please contact the VDMA state association responsible for your location or use the contact addresses for the individual states as listed below:
