Vorwort

Covid-19 hat die Messelandschaft weltweit durcheinandergewirbelt. Events wurden abgesagt oder verschoben und durch Reisebeschränkungen waren internationale Besuche auf den Fachmessen in Deutschland schwierig. Messereisen nach China sind auch heute noch nahezu undenkbar und eine Öffnung des Landes ist nicht absehbar. Für unsere Branche ist damit der Zugang zu einem sehr wichtigen Absatz- und Messemarkt erschwert. Unabhängig von Reisebeschränkungen bleibt abzuwarten, ob und wie sich das weltweite Geschäftsreiseverhalten verändern und welche Folgen das für Messen haben wird. Auch die Art und Weise, wie Aussteller und Besucher Messen nutzen, wird sich dank der während der Pandemie gewohnten digitalen Kommunikation verändern.

Auch im Messejahr 2023 sind wir deswegen noch weit von „Normalität“ im Messegeschäft entfernt, die ihrerseits eine andere sein wird als jene, die wir aus der Zeit vor Covid-19 kannten. Nach Absagen und Verschiebungen müssen sich die globalen Veranstaltungskalender erst wieder neu ordnen. Diese „Unordnung“ werden absehbar auch Veranstalter mit neuen Angeboten zu nutzen versuchen. Deshalb sind auch 2023 noch Verschiebungen und Absagen von Messen zu erwarten. Wir verzichten daher erneut auf einen gedruckten Messekalender und führen nachfolgend alle Termine so auf, wie Sie uns im Herbst 2022 bekannt waren.

Preface

Covid-19 shook up the trade show landscape worldwide. Events were canceled or postponed and travel restrictions made international visits to trade shows in Germany difficult. Trade fair trips to China are still almost unthinkable today and an opening of the country is not foreseeable. For our industry, this makes access to a very important sales and trade fair market more difficult. Regardless of travel restrictions, it remains to be seen whether and how global business travel behavior will change and what consequences this will have for trade shows. The way exhibitors and visitors use trade shows will also change thanks to the digital communication they became accustomed to during the pandemic.

Even in the trade fair year 2023, we are therefore still a long way from “normality” in the trade fair business, which in turn will be different from the one we knew from the time before Covid-19. After cancellations and postponements, the global event calendars will first have to rearrange themselves again. It is foreseeable that organizers will also try to take advantage of this “disorder” with new offers. Therefore, postponements and cancellations of trade fairs can still be expected in 2023. We are therefore once again dispensing with a printed trade show calendar and are listing all the dates below as they were known to us in the fall of 2022.

Neben dieser PDF-Datei gibt es im VDMA-Internetauftritt diesen VDMA-Messekalender auch in elektronischer Form.

Die Suche nach für Sie relevanten Messen wird durch die Anlehnung an die VDMA-Strukturen noch einfacher. Sie finden die Datenbank unter

VDMA Messeservice in Deutschland und weltweit.

Diese Daten basieren auf der Messedatenbank des Messeverbands AUMA e.V. und wird laufend aktualisiert.

Von der weltweiten Unruhe im Messewesen sind auch die Veranstaltungen im Auslandsmesseprogramm (AMP) betroffen. Das Bundesministerium für Wirtschaft und Klimaschutz (BMWK) sieht im AMP aber weiterhin eine wichtige Säule der Wirtschafts- und Exportförderung und hat sein Unterstützungsangebot angepasst.

Für 2023 ist ein umfangreiches Programm geplant und umfasst rund 90 maschinenbaurelevante Messen. Wir hoffen auf eine Durchführung möglichst vieler Projekte, damit die Maschinenbauunternehmen ihre Präsenz in den wichtigsten Exportregionen aufrechterhalten können. Die Veranstaltungen des AMP sind im Folgenden entsprechend markiert.

Informationen über aktuelle Entwicklungen und Projekte im AMP und zu anderen wichtigen Messethemen erhalten Sie über die Newsletter der Fachverbände sowie auf unserer **Internetseite**.

Bei Fragen zu maschinenbaurelevanten Messen weltweit stehen Ihnen das Messereferat und Ihr Fachverband gerne zur Verfügung.

Mit freundlichen Grüßen

Thilo Brodtmann
Hauptgeschäftsführer
Chief Executive

In addition to this PDF file, this VDMA trade fair calendar is also available in electronic form on the VDMA website.

For your convenience, you may search for trade fairs relevant to you based on your branch within the VDMA. You can find the database at

VDMA Exhibition Services in Germany and worldwide.

This data is based on the trade fair database of the trade fair association AUMA e.V. and is updated continuously.

The events in the Foreign Trade Fair Program (AMP) have also been affected by the worldwide unrest in the trade fair sector. However, the German Federal Ministry of Economics and Climate Protection (BMWK) continues to see the AMP as an important pillar of economic and export promotion and has adapted its range of support.

An extensive program is planned for 2023 and includes around 90 trade fairs relevant to mechanical engineering. We hope to see as many as possible take place so that mechanical engineering companies can maintain their presence in key export regions. AMP events are marked accordingly below.

*You can find information about the latest developments and projects in the foreign trade fair program and on other key topics related to trade fairs in the newsletters of the trade associations and on our **website**.*

The office and your trade association will be happy to help with any questions on mechanical engineering-related trade fairs worldwide.

Sincerely,

Dr. Alexander Koldau
Leiter des Referates Messen und Symposien
Head of the Trade Fairs and Symposia Department

Wissenswertes zur Nutzung des Messekalenders

Dieser Messekalender soll interessierten Mitgliedsfirmen eine Planungs- und Entscheidungshilfe über das weltweite Messeangebot bieten. Die Daten des Messekalenders stellen keine Empfehlung zur Teilnahme oder zum Besuch einer Veranstaltung dar. Ebenso wenig kann ein Anspruch auf Vollständigkeit oder eine Gewähr für die Angaben übernommen werden.

Die Auswahl der geeigneten Veranstaltung bedarf einer sorgfältigen Prüfung. Das Referat Messen und Symposien sowie die Fachverbände des VDMA bieten interessierten Mitgliedsfirmen hierbei Hilfe und Unterstützung an. Der vorliegende Messekalender wurde in Abstimmung mit den im Auslandsmesse-Geschäft besonders aktiven Fachverbänden erstellt.

Er enthält maschinenbaurelevante Messen und Technologie-Symposien, die

- zu den Schwerpunktveranstaltungen der einzelnen Maschinenbau-Branchen weltweit zählen,
- etablierte Veranstaltungen des jeweiligen Marktes sind,
- (überwiegend) auf Antrag des VDMA eine Beteiligung des Bundes aufweisen

sowie Messen,

über die weitergehende Informationen vorliegen und die nach Ansicht des VDMA auf eine entsprechende Mindestgröße und Internationalität dieser Veranstaltung schließen lassen.

Useful tips on using the trade fair calendar

This trade fair calendar is intended to help interested member companies with planning and decision-making in relation to the range of trade fairs held worldwide. The information in the trade fair calendar should not be seen as a recommendation to take part in or attend an event – nor does it make any claim to completeness. No liability is accepted for the information provided.

Choosing a suitable event takes careful consideration. The Office for Trade Fairs and Symposia and the trade associations at VDMA provide help and support to interested member companies. This trade fair calendar has been compiled in consultation with the trade associations that are particularly active in the business of trade fairs abroad.

It contains mechanical engineering-related trade fairs and technology symposia

- that are among the focus events of the individual segments of mechanical engineering worldwide,
- that are established events in the respective market,
- in which the Federal Government is involved (largely) on behalf of VDMA, and

as well as trade fairs,

about which there is detailed information that, in the view of VDMA, indicates that the event has a sufficient minimum size and level of internationality.

Der internationalen Ausrichtung des Messegeschäfts entsprechend, haben wir diese Ausgabe des Messekalender zweisprachig deutsch/englisch realisiert. An einzelnen Stellen waren Kompromisse nötig und wir hoffen, dass trotzdem alle Informationen ausreichend transparent sind.

Einige **VDMA-Fachverbände** verfügen über eigene Messekalender bzw. Messelisten, die sie den Mitgliedern ihres Fachbereiches anbieten. Es sind u. a. die Fachverbände:

- Baumaschinen und Baustoffanlagen
- Forum Prozesstechnik
- Holzbearbeitungsmaschinen
- Kunststoff- und Gummimaschinen
- Marine Equipment and Systems
- Metallurgie
- Mining
- Organic and Printed Electronics Association
- Textile Care, Fabric and Leather Technologies
- Textilmaschinen
- Verfahrenstechnische Maschinen und Apparate
- Werkzeugmaschinen

In line with the international orientation of the trade fair business, we have realized this edition of the trade fair calendar in two languages German/English. Compromises were necessary in some places and we hope that nevertheless all information is sufficiently transparent.

*Some **VDMA trade associations** have their own trade fair calendars or lists, which they offer to their members. These trade associations include the following:*

- *Construction Equipment and Plant Engineering*
- *Measuring and Testing Technology*
- *Woodworking Machines*
- *Plastics and Rubber Machines*
- *Marine Equipment and Systems*
- *Metallurgy*
- *Mining*
- *Organic and Printed Electronics Association*
- *Textile Care, Fabric and Leather Technologies*
- *Textile machinery*
- *Process Plant and Equipment*
- *Machine tools*

Auslandsmesse- Beteiligungen der Bundesländer 2023

Ergänzend zu den Auslandsmesse-Beteiligungen des Bundes bieten auch die Bundesländer exportinteressierten Firmen Unterstützung an. In die Auswahl dieser Fördermaßnahmen ist der VDMA über seine Landesverbände weitestgehend eingebunden. Voraussetzung für die Förderung ist, dass das Unternehmen seinen Sitz im entsprechenden Bundesland hat. Zunehmend werden Kooperationen zwischen mehreren Bundesländern praktiziert. Für weitere Nachfragen wenden Sie sich bitte an Ihren zuständigen **VDMA-Landesverband** oder an die nachstehend aufgeführten Kontaktadressen der einzelnen Bundesländer:

Foreign trade fair participations by German states in 2023

*In addition to the Federal Government's involvement in trade fairs abroad, individual states also offer support for companies interested in exporting. VDMA is extensively involved in the selection of these funding measures through its state associations. To be eligible for funding, the company must be based in the federal state in question. Collaborations between multiple states are increasingly common. For further information, please contact the **VDMA state association** responsible for your location or use the contact addresses for the individual states as listed below:*

Baden-Württemberg

Kontaktstelle / Contact

Baden-Württemberg International, Gesellschaft für internationale wirtschaftliche und wissenschaftliche Zusammenarbeit mbH
Willi-Bleicher-Straße 19, 70174 Stuttgart
