Working Groups for the technical representation of interests

Various VDMA Fluid Power working groups offer members a forum for industry-relevant topics in the field of technical representation of interests outside of standardization.

Exemplary working groups:

- Working Group Digitalization (Fluid Power 4.0)
- Ad-hoc working group on the amendment of TA Luft
- Working Group Pressure Equipment Directive
- ErP Working Group - product labelling
- Functional safety Working Groups (hydraulics and pneumatics)
- Hydraulic Drives Working Group
- Working Group Machinery Directive
- Substance Policy Working Group

Are you interested in joining the working groups?

Contact:

- Jörn Dürer
Mail: joern.duerer@vdma.org
Tel.: 069 6603-1652
- Maximilian Baxmann
Mail: Maximilian.baxmann@vdma.org
Tel.: 069 6603-1513
